NOTES TO FINANCIAL STATEMENTS

Note 1 - Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying statutory-basis financial statements of Talcott Resolution Life Insurance Company (the "Company" or "TL") have been prepared in conformity with statutory accounting practices prescribed or permitted by the State of Connecticut Insurance Department ("the Department"). The Department recognizes only statutory accounting practices prescribed or permitted by the State of Connecticut for determining and reporting the financial condition and results of operations of an insurance company and for determining solvency under the State of Connecticut Insurance Law. The National Association of Insurance Commissioners' Accounting Practices and Procedures Manual ("NAIC SAP") has been adopted as a component of prescribed practices by the State of Connecticut.

A difference prescribed by Connecticut state law allows the Company and its wholly-owned subsidiary, Talcott Resolution Life and Annuity Insurance Company ("TLA"), to receive a reinsurance reserve credit for reinsurance treaties that provide for a limited right of unilateral cancellation by the reinsurer. Even if the Company and/or TLA did not obtain reinsurance reserve credit for these reinsurance treaties, the Company's and TLA's risk-based capital would not have triggered a regulatory event.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed by the Department is shown below:

	SSAP #	F/S Page	F/S Line #	2023	2022
Net Income					
1. TL state basis (Page 4, Line 35, Columns 1 & 3)	XXX	XXX	XXX	\$ 161,800,885	\$ 442,570,707
2. State prescribed practices that are an (increase)/decrease from NAIC SAP:					
Less: Reinsurance reserve credit (as described above)	61	4	19	273,725	3,505,228
				273,725	3,505,228
3. State permitted practices that are an (increase)/decrease from NAIC SAP				—	—
4. NAIC SAP (1-2-3=4)	XXX	XXX	XXX	\$ 161,527,160	\$ 439,065,479
Surplus					
5. TL state basis (Page 3, Line 38, Columns 1 & 2)	XXX	XXX	XXX	\$ 2,712,976,343	\$ 2,738,487,489
6. State prescribed practices that are an (increase)/decrease from NAIC SAP:					
Less: Reinsurance reserve credit (TL) (as described above)	61	3	1	6,207,801	5,934,076
Less: Reinsurance reserve credit (TLA) (as described above)	61	3	35	32,543,987	34,263,177
				38,751,788	40,197,253
7. State permitted practices that are an (increase)/decrease from NAIC SAP				—	—
8. NAIC SAP (5-6-7=8)	XXX	XXX	XXX	\$ 2,674,224,555	\$ 2,698,290,236

The Company's reported investment in TLA was \$932,472,380 and \$948,629,171 as of March 31, 2023 and December 31, 2022, respectively. The Company's investment in TLA would have been reported as \$899,928,393 and \$914,365,994 as of March 31, 2023 and December 31, 2022, respectively, without the state prescribed practices.

The Company does not follow any other prescribed or permitted statutory accounting practices that have a material effect on statutory surplus, statutory net income or risk-based capital of the Company.

C. Accounting Policy

2. The Company had no SVO - identified investments in exchange traded funds or bond mutual funds that qualifies for bond accounting treatment.
6. Loan-backed bonds and structured securities are carried at either amortized cost or the lower of amortized cost or fair value in accordance with the provisions of SSAP No. 43 - Revised, Loan-backed and Structured Securities. Significant changes in estimated cash flows from the original purchase assumptions are accounted for using the prospective method, except for highly rated fixed rate securities, which use the retrospective method.

D. Going Concern

The Company is not aware of any conditions or events which raise substantial doubts concerning the Company's ability to continue as a going concern.

Note 2 - Accounting Changes and Corrections of Errors

No significant change.

Note 3 - Business Combinations and Goodwill

No significant change.

Note 4 - Discontinued Operations

No significant change.

Note 5 - Investments

D. Loan-Backed Securities

1. Prepayment assumptions for single class and multi-class mortgage-backed/asset-backed securities were obtained from broker dealer survey values or internal estimates.
2. The Company had no other-than-temporary impairments ("OTTI") for loan-backed securities recorded during the year where the Company had either the intent to sell the securities or the inability or lack of intent to retain.
3. The Company did not recognize any OTTI for loan-backed securities held as of March 31, 2023.
4. Security Unrealized Loss Aging

All impaired securities (fair value is less than cost or amortized cost) for which an OTTI has not been recognized in earnings as a realized loss (including securities with a recognized OTTI for non-interest related declines when a non-recognized interest related impairment remains):

NOTES TO FINANCIAL STATEMENTS

a. The aggregate amount of unrealized losses:

1. Less than 12 Months	\$ 136,016,951
2. 12 Months or Longer	\$ 54,834,605

b. The aggregate related fair value of securities with unrealized losses:

1. Less than 12 Months	\$ 1,355,029,373
2. 12 Months or Longer	\$ 322,550,297

5. As of March 31, 2023, loan-backed securities in an unrealized loss position comprised 511 securities, primarily related to commercial mortgage-backed securities ("CMBS"), residential mortgage-backed securities ("RMBS"), collateralized loan obligations ("CLO"), and asset-backed securities ("ABS"), which were depressed primarily due to higher interest rates and/or widening of credit spreads since the securities were purchased. The Company does not intend to sell the securities outlined above. Furthermore, based upon the Company's cash flow modeling and the expected continuation of contractually required principal and interest payments, the Company has deemed these securities to be temporarily impaired as of March 31, 2023.

E. Dollar Repurchase Agreements and/or Securities Lending Transactions

3. Collateral Received

b. The Company did not accept collateral that is permitted by contract or custom to sell or repledge as of as of March 31, 2023.

F. Repurchase Agreements Transactions Accounted for as Secured Borrowing

1. Company Policies or Strategies for Repo Programs

From time to time, the Company enters into repurchase agreements to manage liquidity or to earn incremental income. A repurchase agreement is a transaction in which one party (transferor) agrees to sell securities to another party (transferee) in return for cash (or securities), with a simultaneous agreement to repurchase the same securities at a specified price at a later date. These transactions generally have a contractual maturity of ninety days or less. Repurchase agreements include master netting provisions that provide both counterparties the right to offset claims and apply securities held by them with respect to their obligations in the event of a default. Although the Company has the contractual right to offset claims, the Company's current positions do not meet the specific conditions for net presentation.

Under repurchase agreements, the Company transfers collateral of U.S. government, government agency and corporate securities and receives cash. For repurchase agreements, the Company obtains cash in an amount equal to at least 95% of the fair value of the securities transferred. The agreements require additional collateral to be transferred when necessary and provide the counterparty the right to sell or re-pledge the securities transferred. The cash received from the repurchase program is typically invested in short-term investments or fixed maturities and is reported as an asset on the Company's consolidated balance sheets. The Company accounts for the repurchase agreements as collateralized borrowings. The securities transferred under repurchase agreements are included in bonds, with the obligation to repurchase those securities recorded in Other liabilities on the Company's consolidated balance sheets.

From time to time, the Company enters into reverse repurchase agreements where the Company purchases securities and simultaneously agrees to resell the same or substantially the same securities. The agreements require additional collateral to be transferred to the Company when necessary and the Company has the right to sell or re-pledge the securities received as collateral. The Company accounts for reverse repurchase agreements as collateralized financing.

G. Reverse Repurchase Agreements Transactions Accounted for as Secured Borrowing

1. Company Policy or Strategies for Engaging in Repo Programs

From time to time, the Company enters into reverse repurchase agreements where the Company purchases securities and simultaneously agrees to resell the same or substantially the same securities. The agreements require additional collateral to be transferred to the Company when necessary and the Company has the right to sell or re-pledge the securities received as collateral. The Company accounts for reverse repurchase agreements as collateralized financing. The receivable for reverse repurchase agreements is included within short term investments.

2. Type of Repo Trades Used

	1 First Quarter	2 Second Quarter	3 Third Quarter	4 Fourth Quarter

December 31, 2022	\$ 278,812	\$ 182,492	\$ 182,492

B. Derivatives under SSAP No. 108 - Derivative Hedging Variable Annuity Guarantees

(1) Discussion of Hedged Item/Hedging Instruments and Hedging Strategy

0001 Interest Rate Hedge

Present Value of Future Cash Flows of Certain Variable Annuity Contracts:

The hedged item consists of a portion of the Company's variable annuity block of business, including related minimum benefit guarantees, that is sensitive to interest rate movement. The hedged portion of the block is reviewed on a monthly basis and the hedge effectiveness is measured quarterly based on the ratio of the percentage change in asset interest rate risk (rho) compared to the percentage change in the liability interest rate risk (rho). The related hedging instrument is a portfolio of interest rate derivatives which follows a semi-static hedging strategy. Changes in interest rates impact the present value of the future product cash flows.

The Company will recognize a net deferred asset within Page 2, Line 11 or a net deferred liability within Page 3, Line 25 for fluctuations in fair value that do not offset the changes in the liability. The deferred asset or liability will then be amortized over the timeframe required under SSAP No. 108, which is the Macaulay duration of guarantee benefit cash flows, or approximately 8 years.

The hedging strategy is compliant with VM-21 and meets all the criteria to be defined as a clearly defined hedging strategy as required by SSAP No. 108.. In 2022, the Company revised its hedging position twice to reflect reinsurance transactions that the Company entered into. Hedge effectiveness is measured in accordance with SSAP No. 108 on a quarterly basis, both prospectively and retrospectively, and remains highly effective as of March 31, 2023.

(2) Recognition of Gains/Losses and Deferred Assets and Liabilities

a.	Scheduled Amortization

B. FHLB (Federal Home Loan Bank) Agreements

1. The Company is a member of the Federal Home Loan Bank of Boston ("FHLB"). Membership allows the Company access to collateralized advances, which may be used to support various spread-based businesses or to enhance liquidity management. FHLB membership requires the Company to own member stock and borrowings require the purchase of activity-based stock in an amount (generally between 3% and 4% of the principal balance) based upon the term of the outstanding advances. FHLB stock held by the Company is classified within Page 2, Line 2.2 (Common stocks) in the General Account. As of March 31, 2023 there were no advances outstanding.

State law limits the Company's ability to pledge, hypothecate or otherwise encumber its assets. The amount of advances that can be taken by the Company are dependent on the assets pledged by the Company to secure the advances, and are therefore subject to this legal limit. The pledge limit is recalculated annually based on statutory admitted assets and capital and surplus. For 2023, the Company's pledge limit is \$685 million. The Company would need to seek prior written approval from the Department in order to exceed this limit. If the Company were to pursue borrowing additional amounts under its estimated capacity it may have to purchase additional shares of activity stock.

No significant change.

Note 19 -Direct Premium Written/Produced by Managing General Agents/Third Party Administrators

No significant change.

Note 20 - Fair Value Measurements

A. Fair Value Measurements

Fair value is determined based on the "exit price" notion which is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. Financial instruments carried at fair value in the Company's financial statements include certain bonds, stocks, derivatives, and Separate Account assets.

The Company's investment managers Hartford Investment Management Company ("HIMCO") and Sixth Street Insurance Solutions, L.P. (both registered investment advisers under the Investment Advisers Act of 1940), with oversight by the Company's Investment Management Department and its Enterprise Finance, Investments, and Capital Working Group ("EFICWG"), a working group co-chaired by the Chief Financial Officers ("CFO") of the Talcott Financial Group Investments, LLC subsidiaries, manages the Company's investment portfolios to maximize economic value and generate the returns necessary to support the Company's various product obligations, within internally established objectives, guidelines and risk tolerances. The portfolio objectives and guidelines are developed, by the Company, based upon the asset/liability profile, including duration, convexity and other characteristics within specified risk tolerances. The risk tolerances considered include, but are not limited to, asset sector, credit issuer allocation limits, and maximum portfolio limits for below investment grade holdings. The Company attempts to minimize adverse impacts to the investment portfolio and the Company's results of operations from changes in economic conditions through asset diversification, asset allocation limits, and asset/liability duration matching and the use of derivatives.The following section applies the fair value hierarchy and disclosure requirements for the Company's Separate Account assets, and categorizes the inputs in the valuation techniques used to measure fair value into three broad Levels (Level 1, 2, or 3):

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access at the measurement date.
- Level 2 Observable inputs, other than quoted prices included in Level 1, for the asset or liability, or prices for similar assets and liabilities.
- Level 3 Valuations that are derived from techniques in which one or more of the significant inputs are unobservable (including assumptions about risk). Because Level 3 fair values, by their nature, contain one or more significant unobservable inputs as there is little or no observable market for these assets and liabilities, considerable judgment is used to determine the Level 3 fair values. Level 3 fair values represent the Company's best estimate of amounts that could be realized in a current market exchange absent actual market exchanges.

In many situations, inputs used to measure the fair value of an asset or liability position may fall into different levels of the fair value hierarchy. In these situations, the Company's investment manager will determine the level in which the fair value falls based upon the lowest level input that is significant to the determination of the fair value. In most cases, both observable (e.g., changes in interest rates) and observable (e.g. changes in risk assumptions) inputs are used in determination of fair values that the Company's investment manager has classified within Level 3. Consequently, these values and the related gains and losses are based upon both observable and unobservable inputs. The Company's bonds included in Level 3 are classified as such because these securities are primarily within illiquid markets and/or prices by independent brokers.

- 1. The following table presents assets and (liabilities) carried at fair value by hierarchy level:

March 31, 2023					
(Amounts in thousands)	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Net Asset Value (NAV)	Total

[1] Excludes approximately \$1.3 billion of investment sales receivable net of investment purchases payable that are not subject to SSAP No. 100 (Fair Value Measurements).

NOTES TO FINANCIAL STATEMENTS

Valuation Techniques, Procedures and Controls

The Company determines the fair values of certain financial assets and liabilities based on quoted market prices where available and where prices represent reasonable estimates of fair value. The Company also determines fair values based on future cash flows discounted at the appropriate current market rate. Fair values reflect adjustments for counterparty credit quality, the Company's default spreads, liquidity and, where appropriate, risk margins on unobservable parameters. The following is a discussion of the methodologies used to determine fair values for the financial instruments listed in the preceding tables.

The fair value process is monitored by the Valuation Committee of the Company's investment manager, which is a cross-functional group of senior management that meets at least quarterly. The purpose of the committee is to oversee the pricing policy and procedures by ensuring objective and reliable valuation practices and pricing of financial instruments as well as addressing valuation issues and approving changes to valuation methodologies and pricing sources. There are also two working groups under the Valuation Committee of the Company's investment manager, a Securities Valuation Group and a Derivatives Valuation Group, which include various investment, operations, accounting, compliance and risk management professionals that meet on a regular basis, to review market data trends, pricing and trading statistics and results, and any proposed pricing methodology changes.

In addition, the Finance and Investment Committee of the Company, co-chaired by its Chief Investment Officer and Chief Financial Officer, is responsible for the approval and monitoring of the Valuation Policy of the Company as well as the adjudication of any valuation disputes thereunder. The Valuation Policy addresses valuation of all financial instruments held in the general account and guaranteed separate accounts of the Company, including all derivative positions. The Finance and Investment Committee meets regularly, and its members include a cross-functional group of senior management as well as various investment, accounting, finance, and risk management professionals.

The Company also has an enterprise-wide Operational Risk Management function which is responsible for establishing, maintaining and communicating the framework, principles and guidelines of the Company's operational risk management program. This includes model risk management which provides an independent review of the suitability, characteristics and reliability of model inputs as well as an analysis of significant changes to current models.

Bonds and Stocks

The fair values of bonds and stocks in an active and orderly market (e.g., not distressed or forced liquidation) are determined by the Company's investment manager using a "waterfall" approach utilizing the following pricing sources: quoted prices for identical assets or liabilities, prices from third-party pricing services, independent broker quotations, or internal matrix pricing processes. Typical inputs used by these pricing sources include, but are not limited to, benchmark yields, reported trades, broker/dealer quotes, issuer spreads, benchmark securities, bids, offers, and/or estimated cash flows, prepayment speeds, and default rates. Most bonds do not trade daily. Based on the typical trading volumes and the lack of quoted market prices for bonds, third-party pricing services utilize matrix pricing to derive security prices. Matrix pricing relies on securities' relationships to other benchmark quoted securities, which trade more frequently. Pricing services utilize recently reported trades of identical or similar securities making adjustments through the reporting date based on the preceding outlined available market observable information. If there are no recently reported trades, the third-party pricing services may develop a security price using expected future cash flows based upon collateral performance and discounted at an estimated market rate. Both matrix pricing and discounted cash flow techniques develop prices by factoring in the time value for cash flows and risk, including liquidity and credit.

Prices from third-party pricing services may be unavailable for securities that are rarely traded or are traded only in privately negotiated transactions. As a result, certain securities are priced via independent broker quotations which utilize inputs that may be difficult to corroborate with observable market based data. Additionally, the majority of these independent broker quotations are non-binding.

The Company's investment manager utilizes an internally developed matrix pricing process for private placement securities for which the Company is unable to obtain a price from a third-party pricing service. The process is similar to the third-party pricing services. The Company's investment manager develops credit spreads each month using market based data for public securities adjusted for credit spread differentials between public and private securities which are obtained from a survey of multiple private placement brokers. The credit spreads determined through this survey approach are based upon the issuer's financial strength and term to maturity, utilizing independent public security index and trade information and adjusting for the non-public nature of the securities. Credit spreads combined with risk-free rates are applied to contractual cash flows to develop a price.

The Company's investment manager performs ongoing analyses of the prices and credit spreads received from third parties to ensure that the prices represent a reasonable estimate of the fair value. In addition, the Company's investment manager ensures that prices received from independent brokers represent a reasonable estimate of fair value through the use of internal and external cash flow models utilizing spreads, and when available, market indices. As a result of these analyses, if the Company's investment manager determines that there is a more appropriate fair value based upon the available market data, the price received from the third party is adjusted accordingly and approved by the Valuation Committee of the Company's investment manager.

The Company's investment manager conducts other specific monitoring controls around pricing. Daily, weekly and monthly analyses identify price changes over pre-determined thresholds for bonds and equity securities. Monthly analyses identify prices that have not changed, and missing prices. Also on a monthly basis, a second source validation is performed on most sectors. Analyses are conducted by a dedicated pricing unit that follows up with trading and investment sector professionals and challenges prices with vendors when the estimated assumptions used differs from what the Company's investment manager feels a market participant would use. Examples of other procedures performed include, but are not limited to, initial and ongoing review of third-party pricing services' methodologies, review of pricing statistics and trends and back testing recent trades.

The Company's investment manager has analyzed the third-party pricing services' valuation methodologies and related inputs, and has also evaluated the various types of securities in its investment portfolio to determine an appropriate fair value hierarchy level based upon trading activity and the observability of market inputs. Most prices provided by third-party pricing services are classified into Level 2 because the inputs used in pricing the securities are observable. Due to the lack of transparency in the process that brokers use to develop prices, most valuations that are based on brokers' prices are classified as Level 3. Some valuations may be classified as Level 2 if the price can be corroborated with observable market data.

Derivative Instruments

Derivative instruments are fair valued using pricing valuation models for OTC derivatives that utilize independent market data inputs, quoted market prices for exchange-traded derivatives and OTC-cleared derivatives, or independent broker quotations.

The Company performs ongoing analysis of the valuations, assumptions, and methodologies used to ensure that the prices represent a reasonable estimate of the fair value. The Company performs various controls on derivative valuations which include both quantitative and qualitative analyses. Analyses are conducted by a cross-functional group of investment, actuarial, risk and information technology professionals that analyze impacts of changes in the market environment and investigate variances. There is a monthly analysis to identify market value changes greater than pre-defined thresholds, stale prices, missing prices and zero prices. Also on a monthly basis, a second source validation, typically to broker quotations, is performed for certain of the more complex derivatives and all new deals during the month. A model validation review is performed on any new models, which typically includes detailed documentation and validation to a second source. As to certain derivatives that are held by the Company as well as its investment manager's other clients, the Company's investment manager performs ongoing analysis of the valuations, assumptions, and methodologies used to ensure that the prices represent a reasonable estimate of the fair value. On a daily basis, the Company's investment manager compares market valuations to counterparty valuations for all OTC derivatives held by the Company for collateral purposes.

The Company utilizes derivative instruments to manage the risk associated with certain assets and liabilities. However, the derivative instrument may not be classified with the same fair value hierarchy level as the associated assets and liabilities. Therefore the realized and unrealized gains and losses on derivatives reported in Level 3 may not reflect the offsetting impact of the realized and unrealized gains and losses of the associated assets and liabilities.

Valuation Inputs for Investments

For Level 1 investments, which are comprised of exchange traded securities and open-ended mutual funds, valuations are based on observable inputs that reflect quoted prices for identical assets in active markets that the Company has the ability to access at the measurement date.

NOTES TO FINANCIAL STATEMENTS

For the Company's Level 2 and 3 bonds and stocks, typical inputs used by pricing techniques include, but are not limited to, benchmark yields, reported trades, broker/dealer quotes, issuer spreads, benchmark securities, bids, offers, and/or estimated cash flows, prepayment speeds, and default rates. Derivative instruments are valued using mid-market inputs that are predominantly observable in the market.

Descriptions of additional inputs used in the Company's Level 2 and Level 3 measurements are included in the following discussion:

Level 2 The fair values of most of the Company's Level 2 investments are determined by management after considering prices received from third-party pricing services. These investments include mostly bonds and preferred stocks.

Asset-backed securities, collateralized loan obligations, commercial and residential mortgage-backed securities - Primary inputs also include monthly payment information, collateral performance, which varies by vintage year and includes delinquency rates, collateral valuation loss severity rates, collateral refinancing assumptions, and credit default swap indices. Commercial and residential mortgage-backed securities prices also include estimates of the rate of future principal prepayments over the remaining life of the securities. Such estimates are derived based on the characteristics of the underlying structure and prepayment speeds previously experienced at the interest rate levels projected for the underlying collateral.

All other corporate bonds, including surplus debentures - Primary inputs also include observations of credit default swap curves related to the issuer, and political events in emerging market economies where applicable.

State, municipalities and political subdivisions - Primary inputs also include Municipal Securities Rulemaking Board reported trades notices, and issuer financial statements.

Interest rate derivatives - Primary input is the swap yield curve.

Level 3 Most of the Company's securities classified as Level 3 include less liquid securities such as lower quality asset-backed securities, collateralized loan obligations, commercial and residential mortgage-backed securities primarily backed by sub-prime loans. Also included in Level 3 are securities valued based on broker prices or broker spreads, without adjustments. Primary inputs for non-broker priced investments including structured securities, are consistent with the typical inputs used in Level 2 measurements noted above but are Level 3 due to their less liquid markets. Additionally, certain long-dated securities are priced based on third-party pricing services, including certain municipal securities, foreign government/government agency securities, and bank loans, which are included with corporate bonds. Primary inputs for these long-dated securities are consistent with the typical inputs used in the preceding described Level 1 and Level 2 measurements, but include benchmark interest rate or credit spread assumptions that are not observable in the marketplace. Primary inputs for privately traded equity securities are internal discounted cash flow models utilizing earnings multiples or other cash flow assumptions that are not observable. Significant inputs for Level 3 derivative contracts primarily include the typical inputs used in the preceding Level 1 and Level 2 measurements, but also may include equity and interest volatility, and swap yield curves beyond observable limits.

Separate Account Assets

Guaranteed Separate Account investments for bonds, stocks, mortgage loans and limited partnerships are valued in the same manner, and using the same pricing sources and inputs, as the invested assets held in the General Account of the Company. Non-guaranteed Separate Account assets are primarily invested in mutual funds but also have investments in bonds, stocks, mortgage loans, limited partnerships and other alternative investments. Non-guaranteed Separate Account investments in mutual funds are valued by the underlying mutual funds in accordance to their valuation policies and procedures. Non-guaranteed Separate Account investments in bonds, stocks mortgage loans, limited partnerships and other alternative investments are generally valued by a third party accounting agent in the same manner using the same independent pricing service as the invested assets held in the General Account of the Company.

Assets and Liabilities Measured at Fair Value Using Significant Unobservable Inputs (Level 3)

2. The table below provides a roll-forward of financial instruments carried at fair value using significant unobservable inputs (Level 3) for the quarter ended March 31, 2023:

	Ending Balance As of Prior Quarter End	Transfers into Level 3 [2]	Transfers out of Level 3 [2]	Total Gains (Losses) Included in:		Purchases	Sales	Settlements	Ending Balance As of Current Quarter End
				Net Income (1)	Surplus				
(Amounts in thousands)									
Assets									
All other corporate bonds	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —
Preferred stocks - unaffiliated	9,522	—	—	—	393	—	—	—	9,915
Common stocks - unaffiliated	10,893	—	—	—	(1,962)	—	—	—	8,931
Total bonds and stocks	20,415	—	—	—	(1,569)	—	—	—	18,846
Derivatives									
Interest rate derivatives	—	—	—	—	—	—	—	—	—
Macro hedge program	432,814	—	—	—	—	—	—	(99,388)	333,426
Total derivatives [3]	432,814	—	—	—	—	—	—	(99,388)	333,426
Separate Accounts	310,815	—	\$ (28,003)	1,056	(1,449)	1,490	(3,150)	(1,964)	278,795
Total assets	\$ 764,044	\$ —	\$ (28,003)	\$ 1,056	\$ (3,018)	\$ 1,490	\$ (3,150)	\$ (101,352)	\$ 631,067
Liabilities									
Derivatives									
Interest rate derivatives	\$ (934)	\$ —	\$ —	\$ —	\$ —	\$ (26,826)	\$ —	\$ —	\$ (27,760)
Total liabilities	\$ (934)	\$ —	\$ —	\$ —	\$ —	\$ (26,826)	\$ —	\$ —	\$ (27,760)

[1] All amounts in this column except Separate Account assets are reported in net realized capital gains (losses). All amounts are before income taxes.

[2] Transfers in and/or out of Level 3 are primarily attributable to changes in the availability of market observable information and changes to the bond and stock carrying value based on the lower of cost or market requirement.

[3] Derivative instruments are reported in this table on a net basis for asset/(liability) positions.

NOTES TO FINANCIAL STATEMENTS

B. Other Fair Value Disclosures

Not applicable.

C. Fair Values for All Financial Instruments by Levels 1, 2 and 3

The tables below reflect the fair values and admitted values of all admitted assets and liabilities that are financial instruments excluding those accounted for under the equity method (subsidiaries, joint ventures and partnerships). The fair values are also categorized into the three-level fair value hierarchy as described in Note 20A.

(Amounts in thousands)	March 31, 2023						
Type of Financial Instrument	Aggregate Fair Value	Admitted Value	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)	Not Practicable (Carrying Value)
Assets							
Bonds - unaffiliated	\$ 11,048,994	\$ 12,544,380	\$ 3,546,259	\$ 6,601,096	\$ 901,639	\$ —	\$ —

[1] Excludes investment sales receivable net of investment purchases payable that are not subject to SSAP No. 100 of approximately \$___ billion as of December 31, 2023.

The valuation methodologies used to determine the fair values of bonds, stocks and derivatives are described in the above Fair Value Measurements section of this note.

The amortized cost of cash, cash equivalents and short-term investments approximates fair value.

Fair values for mortgage loans on real estate were estimated using discounted cash flow calculations based on current lending rates for similar type loans. Current lending rates reflect changes in credit spreads and the remaining terms of the loans.

The fair value of contract loans was determined using current loan coupon rates which reflect the current rates available under the contracts. As a result, the fair value approximates the carrying value of the contract loans.

Fair values of liability for deposit-type contracts were estimated using average discounted cash flow calculations and current market interest rates.

The carrying amounts of the Separate Account liabilities approximate their fair values.

D. At March 31, 2023, the Company had no investments where it was not practicable to estimate fair value.

NOTES TO FINANCIAL STATEMENTS

Note 21 – Other Items

C. Other Disclosures

In October 2020, the Circuit Court of the State of Wisconsin (the "Court") approved a Petition For Order of Rehabilitation filed by the Commissioner of Insurance of the State of Wisconsin to place Time Insurance Company ("TIC") in rehabilitation. Since 2001, TLA has reinsured life and annuity reserves from TIC and provided certain administrative services to TIC's policyholders. In turn, TLA retroceded much of the reinsured reserves to a nonaffiliated reinsurer who also provided certain administrative services to the covered policyholders. In June 2022, the Court approved an assumption reinsurance agreement between TLA and TIC filed by the Commissioner of Insurance of the State of Wisconsin under which TLA has assumed this business effective July 1, 2022. The retrocession agreement remains in place. This assumption reinsurance agreement is not expected to have a material impact to TLA.

Note 22 - Events Subsequent

The Company had no material subsequent events through the filing date of May 11, 2023.

Note 23 - Reinsurance

a. Ceded Reinsurance Report

Section 2 - Ceded Reinsurance Report - Part A

1. The Company has one reinsurance agreement in effect under which the reinsurer has a limited right to unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credits. See Note 1 for further discussion of prescribed practices.
 - a. For the periods ended March 31, 2023, and December 31, 2022, the estimated amount of the aggregate reduction in surplus of this limited right to unilaterally cancel this reinsurance agreement by the reinsurer for which cancellation results in a net obligation of the Company to the reinsurer, and for which such obligation is not presently accrued was \$6,207,801 and \$5,934,076, respectively.
 - b. For the periods ended March 31, 2023, and December 31, 2022, the total amount of reinsurance credit taken for this agreement was \$7,857,975 and \$7,511,488, respectively.

Note 24 - Retrospectively Rated Contracts & Contracts Subject to Redetermination

E. Risk-Sharing Provisions of the Affordable Care Act ("ACA")

The Company had no accident and health insurance premiums that are subject to the Affordable Care Act risk-sharing provisions.

Note 25 - Changes in Incurred Losses and Loss Adjustment Expenses

The Company had no change to incurred losses or loss adjustment expenses.

Note 26 - Intercompany Pooling Arrangements

No significant change.

Note 27 - Structured Settlements

No significant change.

Note 28 - Health Care Receivables

No significant change.

Note 29 - Participating Policies

No significant change.

Note 30 - Premium Deficiency Reserves

No significant change.

Note 31 - Reserves for Life Contracts and Deposit-Type Contracts

No significant change.

Note 32 - Analysis of Annuity Actuarial Reserves and Deposit Liabilities by Withdrawal Characteristics

No significant change.

Note 33 - Analysis of Life Actuarial Reserves by Withdrawal Characteristics

No significant change.

Note 34 - Premium and Annuity Considerations Deferred and Uncollected

No significant change.

Note 35 - Separate Accounts

No significant change.

Note 36 - Loss/Claim Adjustment Expenses

No significant change.

STATEMENT AS OF MARCH 31, 2023 OF THE TALCOTT RESOLUTION LIFE INSURANCE COMPANY

GENERAL INTERROGATORIES

PART 1 - COMMON INTERROGATORIES

GENERAL

- 1.1

Did the reporting entity experience any material transactions requiring the filing of Disclosure of Material Transactions with the State of Domicile, as required by the Model Act?

Yes [] No [X]
- 1.2

If yes, has the report been filed with the domiciliary state?

Yes [] No []
- 2.1

Has any change been made during the year of this statement in the charter, by-laws, articles of incorporation, or deed of settlement of the reporting entity?

Yes [] No [X]
- 2.2

If yes, date of change:
- 3.1

Is the reporting entity a member of an Insurance Holding Company System consisting of two or more affiliated persons, one or more of which is an insurer?
If yes, complete Schedule Y, Parts 1 and 1A.

Yes [X] No []
- 3.2

Have there been any substantial changes in the organizational chart since the prior quarter end?

Yes [] No [X]
- 3.3

If the response to 3.2 is yes, provide a brief description of those changes.
.....
- 3.4

Is the reporting entity publicly traded or a member of a publicly traded group?

Yes [] No [X]
- 3.5

If the response to 3.4 is yes, provide the CIK (Central Index Key) code issued by the SEC for the entity/group.
- 4.1

Has the reporting entity been a party to a merger or consolidation during the period covered by this statement?

Yes [] No [X]
- 4.2

If yes, provide the name of the entity, NAIC Company Code, and state of domicile (use two letter state abbreviation) for any entity that has ceased to exist as a result of the merger or consolidation.

1	2	3
Name of Entity	NAIC Company Code	State of Domicile
5.

If the reporting entity is subject to a management agreement, including third-party administrator(s), managing general agent(s), attorney-in-fact, or similar agreement, have there been any significant changes regarding the terms of the agreement or principals involved? Yes [] No [X] N/A []
If yes, attach an explanation.
.....
- 6.1

State as of what date the latest financial examination of the reporting entity was made or is being made.

12/31/2022
- 6.2

State the as of date that the latest financial examination report became available from either the state of domicile or the reporting entity. This date should be the date of the examined balance sheet and not the date the report was completed or released.

12/31/2017
- 6.3

State as of what date the latest financial examination report became available to other states or the public from either the state of domicile or the reporting entity. This is the release date or completion date of the examination report and not the date of the examination (balance sheet date).

05/10/2019
- 6.4

By what department or departments?
State of Connecticut Insurance Department
- 6.5

Have all financial statement adjustments within the latest financial examination report been accounted for in a subsequent financial statement filed with Departments? Yes [] No [] N/A [X]
- 6.6

Have all of the recommendations within the latest financial examination report been complied with? Yes [X] No [] N/A []
- 7.1

Has this reporting entity had any Certificates of Authority, licenses or registrations (including corporate registration, if applicable) suspended or revoked by any governmental entity during the reporting period?

Yes [] No [X]
- 7.2

If yes, give full information:
.....
- 8.1

Is the company a subsidiary of a bank holding company regulated by the Federal Reserve Board?

Yes [] No [X]
- 8.2

If response to 8.1 is yes, please identify the name of the bank holding company.
.....
- 8.3

Is the company affiliated with one or more banks, thrifts or securities firms?

Yes [X] No []
- 8.4

If response to 8.3 is yes, please provide below the names and location (city and state of the main office) of any affiliates regulated by a federal regulatory services agency [i.e. the Federal Reserve Board (FRB), the Office of the Comptroller of the Currency (OCC), the Federal Deposit Insurance Corporation (FDIC) and the Securities Exchange Commission (SEC)] and identify the affiliate's primary federal regulator.

- 18.1 Have all the filing requirements of the Purposes and Procedures Manual of the NAIC Investment Analysis Office been followed? Yes [X] No []
- 18.2 If no, list exceptions:

19. By self-designating 5GI securities, the reporting entity is certifying the following elements for each self-designated 5GI security:
- a. Documentation necessary to permit a full credit analysis of the security does not exist or an NAIC CRP credit rating for an FE or PL security is not available.
 - b. Issuer or obligor is current on all contracted interest and principal payments.
 - c. The insurer has an actual expectation of ultimate payment of all contracted interest and principal.
- Has the reporting entity self-designated 5GI securities? Yes [X] No []

20. By self-designating PLGI securities, the reporting entity is certifying the following elements of each self-designated PLGI security:
- a. The security was purchased prior to January 1, 2018.
 - b. The reporting entity is holding capital commensurate with the NAIC Designation reported for the security.
 - c. The NAIC Designation was derived from the credit rating assigned by an NAIC CRP in its legal capacity as a NRSRO which is shown on a current private letter rating held by the insurer and available for examination by state insurance regulators.
 - d. The reporting entity is not permitted to share this credit rating of the PL security with the SVO.
- Has the reporting entity self-designated PLGI securities? Yes [X] No []

21. By assigning FE to a Schedule BA non-registered private fund, the reporting entity is certifying the following elements of each self-designated FE fund:
- a. The shares were purchased prior to January 1, 2019.
 - b. The reporting entity is holding capital commensurate with the NAIC Designation reported for the security.
 - c. The security had a public credit rating(s) with annual surveillance assigned by an NAIC CRP in its legal capacity as an NRSRO prior to January 1, 2019.
 - d. The fund only or predominantly holds bonds in its portfolio.
 - e. The current reported NAIC Designation was derived from the public credit rating(s) with annual surveillance assigned by an NAIC CRP in its legal capacity as an NRSRO.
 - f. The public credit rating(s) with annual surveillance assigned by an NAIC CRP has not lapsed.
- Has the reporting entity assigned FE to Schedule BA non-registered private funds that complied with the above criteria? Yes [] No [X]

GENERAL INTERROGATORIES

PART 2 - LIFE AND ACCIDENT AND HEALTH COMPANIES/FRATERNAL BENEFIT SOCIETIES

Life and Accident Health Companies/Fraternal Benefit Societies:

1.

Report the statement value of mortgage loans at the end of this reporting period for the following categories:

1

Amount

1.1

Long-Term Mortgages In Good Standing

1.11

Farm Mortgages

\$

1.12

Residential Mortgages

\$

1.13

Commercial Mortgages

\$1,311,437,131

1.14

Total Mortgages in Good Standing

\$1,311,437,131

1.2

Long-Term Mortgages In Good Standing with Restructured Terms

1.21

Total Mortgages in Good Standing with Restructured Terms

\$

1.3

Long-Term Mortgage Loans Upon which Interest is Overdue more than Three Months

1.31

Farm Mortgages

\$

1.32

Residential Mortgages

\$

1.33

Commercial Mortgages

\$

1.34

Total Mortgages with Interest Overdue more than Three Months

\$

1.4

Long-Term Mortgage Loans in Process of Foreclosure

1.41

Farm Mortgages

\$

1.42

Residential Mortgages

\$

1.43

Commercial Mortgages

\$

1.44

Total Mortgages in Process of Foreclosure

\$

1.5

Total Mortgage Loans (Lines 1.14 + 1.21 + 1.34 + 1.44) (Page 2, Column 3, Lines 3.1 + 3.2)

\$1,311,437,131

1.6

Long-Term Mortgages Foreclosed, Properties Transferred to Real Estate in Current Quarter

1.61

Farm Mortgages

\$

1.62

Residential Mortgages

\$

1.63

Commercial Mortgages

\$

1.64

Total Mortgages Foreclosed and Transferred to Real Estate

\$

2.

Operating Percentages:

2.1

A&H loss percent

%

2.2

A&H cost containment percent

%

2.3

A&H expense percent excluding cost containment expenses

%

3.1

Do you act as a custodian for health savings accounts?

Yes [] No [X]

3.2

If yes, please provide the amount of custodial funds held as of the reporting date

\$

3.3

Do you act as an administrator for health savings accounts?

Yes [] No [X]

3.4

If yes, please provide the balance of the funds administered as of the reporting date

\$

4.

Is the reporting entity licensed or chartered, registered, qualified, eligible or writing business in at least two states?

Yes [X] No []

4.1

If no, does the reporting entity assume reinsurance business that covers risks residing in at least one state other than the state of domicile of the reporting entity?

Yes [] No []

Fraternal Benefit Societies Only:

5.1

In all cases where the reporting entity has assumed accident and health risks from another company, provisions should be made in this statement on account of such reinsurances for reserve equal to that which the original company would have been required to establish had it retained the risks. Has this been done?

Yes [] No [] N/A []

5.2

If no, explain:

6.1

Does the reporting entity have outstanding assessments in the form of liens against policy benefits that have increased surplus?

Yes [] No []

6.2

If yes, what is the date(s) of the original lien and the total outstanding balance of liens that remain in surplus?

Date	Outstanding Lien Amount

Asterisk	Explanation

STATEMENT AS OF MARCH 31, 2023 OF THE TALCOTT RESOLUTION LIFE INSURANCE COMPANY

SUPPLEMENTAL EXHIBITS AND SCHEDULES INTERROGATORIES

The following supplemental reports are required to be filed as part of your statement filing. However, in the event that your company does not transact the type of business for which the special report must be filed, your response of NO to the specific interrogatory will be accepted in lieu of filing a "NONE" report and a bar code will be printed below. If the supplement is required of your company but is not being filed for whatever reason enter SEE EXPLANATION and provide an explanation following the interrogatory questions.

	Response
1. Will the Trusteed Surplus Statement be filed with the state of domicile and the NAIC with this statement?	NO
2. Will the Medicare Part D Coverage Supplement be filed with the state of domicile and the NAIC with this statement?	NO
3. Will the Reasonableness of Assumptions Certification required by Actuarial Guideline XXXV be filed with the state of domicile and electronically with the NAIC?	NO
4. Will the Reasonableness and Consistency of Assumptions Certification required by Actuarial Guideline XXXV be filed with the state of domicile and electronically with the NAIC?	YES
5. Will the Reasonableness of Assumptions Certification for Implied Guaranteed Rate Method required by Actuarial Guideline XXXVI be filed with the state of domicile and electronically with the NAIC?	NO
6. Will the Reasonableness and Consistency of Assumptions Certification required by Actuarial Guideline XXXVI (Updated Average Market Value) be filed with the state of domicile and electronically with the NAIC?	NO
7. Will the Reasonableness and Consistency of Assumptions Certification required by Actuarial Guideline XXXVI (Updated Market Value) be filed with the state of domicile and electronically with the NAIC?	YES
8. Will the Life PBR Statement of Exemption be filed with the state of domicile by July 1st and electronically with the NAIC with the second quarterly filing per the Valuation Manual (by August 15)? (2nd Quarter Only) The response for 1st and 3rd quarters should be N/A. A NO response resulting with a bar code is only appropriate in the 2nd quarter. In the case of an ongoing statement of exemption, enter "SEE EXPLANATION" and provide as an explanation that the company is utilizing an ongoing statement of exemption.	N/A

AUGUST FILING

9. Will the regulator-only (non-public) Communication of Internal Control Related Matters Noted in Audit be filed with the state of domicile and electronically with the NAIC (as a regulator-only non-public document) by August 1? The response for 1st and 3rd quarters should be N/A. A NO response resulting with a bar code is only appropriate in the 2nd quarter.	N/A

	0002	This derivative is part of the Company's macro program, which hedges against the economic risk arising from guaranteed minimum death benefit (GMDB) and guaranteed minimum withdrawal benefit (GMWB) liabilities and contract revenues. For the three months ending March 31, 2023, the hedge has been effective at achieving its objective.
	0005	This derivative is part of a hedge program designed to decrease portfolio spread duration to approach a targeted level. For the three months ending March 31, 2023, the hedge has been effective at achieving its objective.
