We are Talcott Financial Group

Talcott Financial Group is an international life insurance group that combines deep industry experience with a spirit of forward-looking innovation. Guided by our commitment to empower our customers and partners, we strive to build a legacy of client trust and confidence that fuels our collective growth for generations to come. Our enduring strength is evidenced by our robust financial position—$127 billion in assets under management, investment-grade financial strength ratings, and our strategic partnership with Sixth Street, a global investment firm managing over $115 billion in assets under management.

By blending longstanding industry expertise with agility for today's market, Talcott brings a modern perspective to risk solutions. Whether you're an individual planning for retirement or an organization seeking risk transfer solutions, we are committed to protecting what matters most and guiding our partners to peace of mind. Our business includes two primary functions: offering retirement solutions to individuals as well as reinsurance and legal entity acquisition capabilities to insurance companies. In both areas, we leverage our experience to craft solutions with speed, clarity, and reliability.

Talcott Financial Group has offices in Bermuda, the Cayman Islands, Connecticut, and New York. For more information, visit www.talcott.com.
